

St Roch's Parish Primary School is a school which operates with the consent of the Catholic Archbishop of Melbourne and is owned, operated and governed by Melbourne Archdiocese Catholic Schools Ltd (MACS).

Introduction

At St Roch's, we hold the care, safety and wellbeing of children and young people as a central and fundamental responsibility of our school. Our commitment is drawn from and inherent to the teaching and mission of Jesus Christ, with love, justice and the sanctity of each human person at the heart of the gospel (CECV Commitment Statement to Child Safety).

The person of each individual human being, in his or her material and spiritual needs, is at the heart of Christ's teaching: this is why the promotion of the human person is the goal of the Catholic school ([The Catholic School on the Threshold of the Third Millennium](#), n. 9).

Vision Statement

St Roch's is a nurturing, socially just community. We inspire a passion for learning and excellence and we are a living testament to our Catholic story.

School Motto

Our school motto 'Virtue Alone is Noble' personifies the importance of teaching the school values of Belonging, Respect, Equity & Justice and Excellence that align to the theological virtues of Faith, Hope and Love. *Corinthians 13:13* "Three things will last forever--faith, hope, and love--and the greatest of these is love."

CECV Statement of Commitment to Child Safety

St Roch's recognises the importance of having a safe, nurturing and empowering culture for all children and young people in Catholic Schools. With parents and the Parish of St Roch's we seek to fulfil the mission of Catholic schools by providing an environment in which students are enabled to:

- Encounter God in Christ and deepen their relationship with him
- Pursue wisdom and truth encouraged by a supportive academic culture
- Grow in the practice of virtue, responsible freedom and serving the common good.

Upholding the primacy of the safety and wellbeing of children and young people

At all times, the ongoing safety and wellbeing of children and young people will be the primary focus of care and decision-making. In addition to the universal focus on safety and wellbeing, schools need to pay attention and attend to the needs of their students who are most vulnerable.

To create and maintain a safe and nurturing culture, schools will actively and continually develop and review all policies, processes and practices, informed by their governing authority, emerging thinking and evidence. Empowering families, children, young people and staff to have a voice and raise concerns

Schools, in partnership with families, will ensure children and young people are informed of their rights, and are engaged and active participants in decision-making processes, particularly those that have an impact on their safety.

This means that the views of children, young people and families are taken seriously, and their concerns are addressed in a just and timely manner. Children and young people are also taught to raise concerns, gaining the necessary skills and knowledge to understand and maintain their personal safety and wellbeing, and the safety and wellbeing of their peers, through educational approaches and programs.

Implementing rigorous risk management and employment practices

Schools will systematically and continually identify and assess risks to child safety, and will eliminate (where possible) or reduce all potential sources of harm in both physical and online environments. Effective risk management is embedded in school life through effective, transparent and well-understood policies, procedures and practices.

Schools will employ highly competent and professional staff who are formed and challenged to maintain the safety of all students. The high quality of staff appointments will be upheld through rigorous employment and review processes and practices, which include a demonstrated knowledge of child safety.

Catholic education will stay abreast of legislation, and will meet the legislative duties to protect the safety and wellbeing of children and young people in its care, including meeting the minimum requirements for compliance with the Child Safe Standards for schools and school boarding premises as set out in Ministerial Order No. 1359. This is in addition to ongoing work to support child safety, including mandatory reporting, reportable conduct, information sharing and complaints management.

Purpose

The purpose of this Policy is to demonstrate the strong commitment of St Roch's to the care, safety and wellbeing of all students at our school. It provides an outline of the policies, procedures, actions and strategies that will be implemented to ensure that a child safe culture is championed and modelled at all levels of the school, to keep students safe from harm, including all forms of abuse in our school environment, on campus, online and in other locations provided by the school.

This Policy takes into account relevant legislative requirements within the state of Victoria, including the specific requirements of the Child Safe Standards as set out in [Ministerial Order No. 1359](#).

This Policy applies to school staff, including school employees, volunteers, contractors and clergy. It should be read in conjunction with the following related school policies and procedures:

1. PROTECT: Identifying and Responding to Abuse – Reporting obligations
2. Child Safety Code of Conduct
3. Reportable Conduct Policy.

Principles

Catholic schools have a moral, legal and mission-driven responsibility to create nurturing school environments where children and young people are respected, their voices are heard, and they are safe and feel safe (CECV Commitment Statement to Child Safety).

The following principles underpin our commitment to child safety and wellbeing at St Roch's:

- All students deserve, as a fundamental right, safety and protection from all forms of abuse and neglect.
- Our school works in partnership with families and the community to ensure that they are engaged in decision-making processes, particularly those that have an impact on child safety and wellbeing and protection.
- All students have the right to a thorough and systematic education in all aspects of personal safety, in partnership with their parents/guardians/carers.
- All adults in our school, including teaching and non-teaching staff, clergy, volunteers and contractors, have a responsibility to care for children and young people, to positively promote their wellbeing, to identify and mitigate risks related to child safety and wellbeing in the school environment and to protect them from any kind of harm or abuse.
- The policies, guidelines and codes of conduct for the care, wellbeing and protection of students are based on honest, respectful and trusting relationships between adults and children and young people.
- Policies and practices demonstrate compliance with legislative requirements and cooperation with the Church, governments, the police and human services agencies.
- All persons involved in situations where harm is suspected or disclosed must be treated with sensitivity, dignity and respect.
- All members of the school community (including students and their families) are kept informed of child safety and wellbeing matters (where appropriate) and are involved in promoting child safety and wellbeing.
- Staff, clergy, volunteers, contractors, parents and students should feel free to raise concerns about child safety and wellbeing, knowing these will be taken seriously by school leadership.

- Appropriate confidentiality will be maintained, with information being provided to those who have a right or a need to be informed, either legally (including under legislated information sharing schemes being Child Information Sharing Scheme (CISS) or Family Violence Information Sharing Scheme (FVISS)) or pastorally.

Definitions

Child means a child or young person who is under the age of 18 years.

Child abuse includes:

- (a) any act committed against a child involving:
 - (i) a sexual offence
 - (ii) an offence under section 49B(2) of the *Crimes Act 1958* (grooming)
- (b) the infliction, on a child, of:
 - (i) physical violence
 - (ii) serious emotional or psychological harm
- (c) serious neglect of a child.

Child safety encompasses matters related to protecting all children from child abuse, managing the risk of child abuse, providing support to a child at risk of child abuse, and responding to suspicions, incidents, disclosures or allegations of child abuse (Ministerial Order No. 1359).

Child neglect includes a failure to provide the child with an adequate standard of nutrition, medical care, clothing, shelter or supervision to the extent that the health and physical development of the child is significantly impaired or placed at serious risk ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Child physical abuse generally consists of any non-accidental infliction of physical violence on a child by any person ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Child sexual abuse is when a person uses power or authority over a child to involve them in sexual activity. It can include a wide range of sexual activity and does not always involve physical contact or force ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Emotional child abuse occurs when a child is repeatedly rejected, isolated or frightened by threats, or by witnessing family violence ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Grooming is when a person engages in predatory conduct to prepare a child for sexual activity at a later date. It can include communication and/or attempting to befriend or establish a relationship or other emotional connection with the child or their parent/carer ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Mandatory reporting: The legal requirement under the *Children, Youth and Families Act 2005* (Vic.) to protect children from harm relating to physical and sexual abuse. The Principal, registered teachers and early childhood teachers, school counsellors, religious clergy, medical practitioners and nurses at a school are mandatory reporters under this Act ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Reasonable belief – mandatory reporting: When school staff are concerned about the safety and wellbeing of a child or young person, they must assess that concern to determine if a report should be made to the relevant agency. This process of considering all relevant information and observations is known as forming a reasonable belief. A ‘reasonable belief’ or a ‘belief on reasonable grounds’ is not the same as having proof, but is more than mere rumour or speculation. A reasonable belief is formed if a reasonable person in the same position would have formed the belief on the same grounds ([PROTECT: Identifying and responding to all forms of abuse in Victorian schools](#)).

Reasonable belief – reportable conduct scheme: When a person has a reasonable belief that a worker/volunteer has committed reportable conduct or misconduct that may involve reportable conduct. A reasonable belief is more than suspicion and there must be some objective basis for the belief. It does not necessitate proof or require certainty. NOTE: the difference between the reasonable belief definitions under mandatory reporting and the reportable conduct scheme is the category of persons who are required to, or can, form the reasonable belief which forms the basis for a report.

Reportable conduct: Five types of reportable conduct are listed in the *Child Wellbeing and Safety Act 2005* (Vic.) (as amended by the *Children Legislation Amendment (Reportable Conduct) Act 2017*). These include:

1. sexual offences (against, with or in the presence of a child)
2. sexual misconduct (against, with or in the presence of a child)
3. physical violence (against, with or in the presence of a child)

4. behaviour that is likely to cause significant emotional or psychological harm
5. significant neglect.

School environment means any of the following physical, online or virtual places used during or outside school hours:

- a campus of the school
- online or virtual school environments made available or authorized by St Roch's for use by a child or student (including email, intranet systems, software, applications, collaboration tools and online services)
- other locations provided by the school or through a third-part provider for a child or student to use including, but not limited to, locations used for school camps, approved homestay accommodation, delivery of education and training, sporting events, excursions, competitions and other events) (Ministerial Order No. 1359).

School staff means an individual working in a school environment who is:

- directly engaged or employed by a school governing authority
- a contracted service provider engaged by MACS (whether or not a body corporate or any other person is an intermediary) engaged to perform child-related work for St Roch's
- a minister of religion, a religious leader or an employee or officer of a religious body associated with MACS (Ministerial Order No. 1359).

Volunteer means a person who performs work without remuneration or reward for St Roch's in the school environment.

At St Roch's we expect school employees, volunteers, contractors and clergy to proactively ensure the safety and wellbeing of students at all times, to identify concerns about child safety and wellbeing and to take appropriate action if there are concerns about the safety and wellbeing of any child at the school. All school staff must remain familiar with the relevant laws, the code of conduct, and policies and procedures in relation to child protection, and comply with all requirements. We have developed a Child Safety Code of Conduct, which recognises the critical role that school staff play in protecting the students in our care and establishes clear expectations of school employees, volunteers, contractors and clergy for appropriate behaviour with children in order to safeguard them against abuse and/or neglect.

Our Code also protects school staff and volunteers through clarification of acceptable and unacceptable behaviour.

Student safety and participation

At St Roch's, we actively encourage all students to openly express their views and feel comfortable about giving voice to the things that are important to them.

We teach students about what they can do if they feel unsafe and enable them to understand, identify, discuss and report their concerns. We listen to and act on any concerns students, or their parents or carers, raise with us. The curriculum design integrates appropriate knowledge and skills to enhance students' understanding of being safe,

as well as their understanding of their rights to safety, information and participation. Teaching and learning strategies that acknowledge and support student agency and voice are implemented. We ensure that students are offered access to sexual abuse prevention programs and to relevant related information in an age-appropriate way.

We have developed appropriate education about:

- standards of behaviour for students attending our school
- healthy and respectful relationships (including sexuality)

Reporting and responding

Our school creates records relevant to any child safety complaints, disclosures or breaches of the Child Safety Code of Conduct, and maintains and disposes of those records in accordance with security and privacy requirements and [Public Record Office Victoria Recordkeeping Standards](#) (including minimum retention periods). Our school complies with legal obligations that relate to managing the risk of child abuse under the *Children, Youth and Families Act 2005* (Vic.), the *Crimes Act 1958* (Vic.), the *Child Wellbeing and Safety Act 2005* (Vic.) and the recommendations of the [Betrayal of Trust](#) report.

Child protection reporting obligations fall under separate pieces of legislation with differing reporting requirements. Our school's PROTECT: Identifying and Responding to Abuse – Reporting obligations, sets out the actions required under the relevant legislation when there is a reasonable belief that a child at our school is in need of protection or a criminal offence has been committed, and provides guidance and procedures on how to make a report.

Our policy assists staff, volunteers and families to:

- identify the indicators of a child or young person who may be in need of protection
- understand how a reasonable belief is formed under the reportable conduct scheme as well as mandatory reporting
- make a report of a child or young person who may be in need of protection
- comply with mandatory reporting obligations under child protection law, and their legal obligations relating to child abuse and grooming under criminal law

Our school is a prescribed Information Sharing Entity (ISE) meaning that, where legislated requirements are met, it is able to share confidential information with other ISEs to promote child wellbeing or safety under the CISS or FVISS.

At St Roch's if any member of our school community has concerns for a child's safety they need to discuss, they can notify the Principal (Angie Mastoras), the Deputy Principal/ designated Child Safety Officer (Nadine Bolton) or the Wellbeing Leader (Alex Keisler).

If the Principal or Child Safety and Wellbeing Officer is not available, then it should be discussed with a member of the school leadership team. Alternatively, any member of the school community may report directly to the responsible

authority.

The staff member, supported by the Principal or designated Child Safety and Wellbeing Officer will follow the step-by-step guide to making a report as outlined in the [Four Critical Actions for Schools: Responding to Incidents, Disclosures and Suspicions of Child Abuse](#).

Our commitment to child safety and wellbeing and our screening requirements are included in all advertisements for such employee, contractor and volunteer positions, and all applicants are provided with copies of the school's Child Safety Code of Conduct and the Child Safety and Wellbeing Policy.

Each job description for staff involved in child-connected work has a clear statement that sets out the requirements, duties and responsibilities regarding child safety and wellbeing for those in that role and the occupant's essential qualifications, experience and attributes in relation to child safety and wellbeing.

When recruiting and selecting employees, contractors and volunteers involved in child-connected work, we ensure that we gather, verify and record the following information about any person we propose to engage:

We will also ensure that appropriate supervision or support arrangements are in place in relation to the induction of new school staff into the school's policies, codes, practices and procedures governing child safety and wellbeing and child-connected work.

We have procedures and processes for monitoring and assessing the continuing suitability of school staff and volunteers to work with children, including regular reviews of the status of Working with Children Checks and staff professional registration requirements such as Victorian Institute of Teaching (VIT) registration.

These structures offer support in students' spiritual, emotional, social and academic growth. St Roch's is a school that values dialogue through an inclusive approach where everyone has the right to be heard. Through this participatory process, students develop the capacity to learn that expressing emotions is an important and legitimate component of healthy dialogue. This learning helps students to deal with conflict, tensions and differences in respectful ways that engender trust and foster healthy relationships.

Our Restorative Approach

Our Restorative Approach facilitates the development of quality relationships and social and emotional capabilities for students and educators. Building positive and connected relationships is a priority for our school. We focus on increasing feelings of belonging, self-worth and connectedness to enhance student participation, engagement, growth, achievement and wellbeing [Staff Restorative Approach Appendix 3](#), [Student Restorative Approach Appendix 4](#)

Positive Behaviours for Learning (PBL)

Our PBL vision ensures all members of our school community achieve success. At St Roch's we want everyone to be a Roch Star. The PBL approach aligns academic and behaviour expectations to explicitly teach, monitor and acknowledge positive behaviour as well as promote our school values. We do this by developing our understanding of behaviour – of students and ourselves, and how best to support positive behaviours.

Our Expected Behaviours

Each student has a right to be treated fairly and respected in a safe and supportive environment. It is their responsibility to follow St Roch's Expected Behaviours ([Appendix 5](#)). Our Expected Behaviours describes our expectations for relationships with others to assist students to realise their potential and their capacity to cope, learn and flourish. Our Expected Behaviours align with our school matrix and Behaviour Flow Chart. ([Appendix 6 and 7](#))

In educating our students to understand our values, they will be expected to uphold the following:

- To know and comply with Our Expected Behaviours
- To behave in a socially expected manner
- To acknowledge the consequences that may result from their actions
- To act responsibly when injustice occurs to self and others
- To follow the directions of staff when behaviour is socially unexpected
- To recognise how poor behaviour disrupts learning
- In cases of bullying please refer to the [Anti-Bullying Policy](#)

The wellbeing of students is enhanced and their learning outcomes optimised when they feel connected to others and experience trusting relationships. To promote student engagement, positive behaviours and wellbeing:

- Circles are used in each classroom as a proactive strategy to build positive relationships, to develop and discuss social norms, values and expectations, to implement curriculum and to develop students' social and emotional competencies
- Student voice is encouraged and promoted through active involvement in school tours, assemblies and social justice activities
- Student Leadership opportunities such as our School Captains and Year 6 Leaders, Student Representative Council (SRC), Library Leaders and other roles of responsibility provide further scope for student voice and influence
- We identify and respond to student needs; for example, providing additional Literacy and Numeracy support and writing enrichment
- We provide extracurricular programs including; camps, excursions, incursions, Inter School Sport (ISS)
- We provide opportunities including our social justice activities, whole school event days such as Harmony Day, Production, Art Show, Grip Leadership, Melbourne Football Club gratitude and leadership sessions, Tournament of the Minds, Better Buddies, Buddy Reading and our weekly Fun Run
